Email Notification of Change to Visitor Parking

Three Town Centre is switching to a Digital Parking Pass System.

The main advantages of switching to ParkPass are:
1. To discourage residents from parking in Visitor Parking.
2. To limit parking usage across all suites to better manage a scarce resource
3. To reduce the time required to do a patrol and validate everyone is following the parking rules.

The AWM signup sheet for 3TC is at the web address: http://awm.parkinall.com
Or, from your browser, open http://parkinall.com , and at the bottom of the page, click on AWM logo.

When logging into Parkpass:

The building name is "ThreeTownCentre" or "3TC"
The signup Building Code is: 348
Note: Townhome suites are numbered 101-105

The new parking rules at 3TC are:
● Residents Not Allowed In Visitor Parking.
● Max 1 Pass Per Suite.
● Pass Time is 24 hrs per License Plate.
● Max (3) 24 hr consecutive periods.
● Must wait (1) 24hr period until Parking Again.
● Max (12) 24hr periods per month.

Details on how to use ParkPass, including a Training Video can be found at:
